

Technical drawing of a roof structure showing a side elevation and a cross-section.

**Side Elevation:**

- Roof slope: 15%
- Vertical height: 5.3
- Horizontal span: 15.5
- Roof profile: 90x12.5x22 C=232-278

**Cross-section:**

- Roof slope: 12%
- Vertical height: 2.1
- Horizontal span: 17.2
- Roof profile: 90x12.5x22 C=232

Technical drawing of a roof structure showing a cross-section with dimensions. The roof has a total width of 20.0m (8.0m + 2.5m + 2.5m + 8.0m) and a height of 3.0m. The roof slope is 1:2. The structure is supported by a base with a width of 2.0m. The drawing is labeled "P.20" and "C=202".

Technical drawing of a roof structure, showing a side elevation and a plan view.

**Side Elevation:**

- Roof slope: 15%
- Height: 15.5m
- Width: 2.5m
- Label: P.23
- Label: 9812.56/22 C=233+278

**Plan View:**

- Width: 14m
- Length: 2.5m
- Label: 9812.56/22 C=233

Technical drawing of a roof structure showing a cross-section and a plan view.

The cross-section shows a central vertical support with a roof slope of 6.8% on both sides. The plan view shows a rectangular layout with dimensions 70, 3, 3, and 70. A central vertical line is labeled 4ø12.5c/24 and C=157-160. A small circle at the top center is labeled 'P.11'.

Technical drawings of two types of base plates, 1 and 2, showing top and side views with dimensions.

**Top View Dimensions:**

- Overall width: 100
- Overall height: 100
- Top flange width: 25
- Top flange height: 25
- Central hole diameter:  $\varnothing 32$
- Central hole offset from center: 25
- Central hole offset from edge: 25
- Central hole offset from corner: 25

**Side View Dimensions:**

- Overall height: 100
- Top flange height: 25
- Central hole diameter:  $\varnothing 32$
- Central hole offset from center: 25
- Central hole offset from edge: 25
- Central hole offset from corner: 25

**Bottom View Dimensions:**

- Overall width: 100
- Overall height: 100
- Top flange width: 25
- Top flange height: 25
- Central hole diameter:  $\varnothing 32$
- Central hole offset from center: 25
- Central hole offset from edge: 25
- Central hole offset from corner: 25

**Notes:**

- 1. Base plate 1: 3x10c/28 C=133
- 2. Base plate 2: 4x10c/27 C=108

Technical drawing of a roof structure. The side elevation shows a roof with a slope of 108/100/17, a height of 16, and a width of 40. The perspective view shows the roof structure with a height of 16 and a width of 40. The drawing is labeled with dimensions and a scale of 1:100.

Technical drawing of a mechanical part with dimensions and tolerances:

- Top view: A rectangle with a width of 40 and a height of 15. It contains a rectangular hole with a width of 30 and a height of 7. The hole is centered horizontally and vertically. The hole has a depth of 32.
- Side view: A rectangle with a width of 30 and a height of 7. It contains a rectangular hole with a width of 30 and a height of 7. The hole is centered horizontally and vertically. The hole has a depth of 32.
- Dimensions and tolerances:
  - 40: Dimension of the top view width.
  - 15: Dimension of the top view height.
  - 30: Dimension of the hole width in both views.
  - 7: Dimension of the hole height in both views.
  - 32: Dimension of the hole depth.
  - 80 ± 0.1: Dimension of the total length with a tolerance of ± 0.1.
  - 30 ± 0.1: Dimension of the hole width with a tolerance of ± 0.1.
  - 7 ± 0.1: Dimension of the hole height with a tolerance of ± 0.1.
  - 32 ± 0.1: Dimension of the hole depth with a tolerance of ± 0.1.
